REMARKS

Applicant has now amended the claims in this application to define around the examiner's interpretation of the "axis" as being met by any line which is somehow "between" the north and south poles. With the limitation now reciting the axis as extending through the poles, the prior art can no longer meet the claims. An allowance of all claims is now in order.

Applicant believes that no additional fees are necessary, however, the Commissioner is authorized to charge Deposit Account No. 50-1482 in the name of Carlson, Gaskey & Olds for any additional fees or credit the account for any overpayment.

Respectfully submitted,
